Dear Madam or Sir:

RESPONSE TO NOTICE OF INCOMPLETE REPLY (NONPROVISIONAL)
FILING DATE GRANTED

In response to the Notice of Incomplete Reply (Nonprovisional) mailed by the Application Branch on 11/28/01, indicating that the response to notice of missing parts filed on 11/21/01, did not include substitute drawings in compliance with 37 CFR 1.84, please find the following remarks. In addition, a copy of the Notice of Incomplete Reply (Nonprovisional) is enclosed herewith.

The Notice Of Incomplete Reply required substitute drawings in compliance with 37 CFR 1.84 because the drawing figures contain text that is not in English and referred to 37 CFR 1.84(p)(2) and 37 CFR 1.52(d)(1). 37 CFR 1.84(p)(2) states that "The English alphabet must be used for letters, except

where another alphabet is customarily used, such as the Greek alphabet to indicate angles, wavelengths, and mathematical formulas." Applicant notes that this particular objection was not raised in the Notice To File Missing Parts mailed on July 25, 2001.

The present invention relates to providing a method for displaying non-English text characters, including Chinese, Japanese, and Korean characters, according to different sort order criteria, as illustrated in Figures 4A-4C. It is submitted that the drawings meet the requirements of 37 CFR 1.84(p)(2) because non-English alphabets, such as Chinese, Japanese, and Korean characters, are customarily used to illustrate methods for displaying non-English text characters. In addition, the illustration of the non-English characters as shown is necessary to the understanding of the present invention. As the drawings are proper as filed, it is not believed that any additional fee is owed.

If additional fees are required in connection with this Response, please charge any underpayment or credit any overpayment to Deposit Account No. 10-0447.

It is respectfully submitted that no additional parts are required to be filed with regard to the above-referenced application, and the application should therefor be processed accordingly.

Please address all communications related to this to:
